

Advisor Approval Form

Full name: _____

Title: _____

University/research affiliation: _____

Affiliated email address: _____

Preamble

In this policy “the student” refers to the undergraduate(s) who wrote the article, and “I” refers to these students’ advisor. Any questions regarding the approval policy should be directed to the Senior Research Editor at sre@jyi.org. The purpose of this policy is to inform the student’s advisor of the various criteria they must agree to before approving the publication of a student research article.

Policy

I attest that I have thoroughly reviewed the student’s research manuscript, specifically regarding the proper citation of all references. Additionally, I agree that to the best of my knowledge, the undergraduate student researched and wrote the article, and that the undergraduate student has done the majority of the work.

I agree to be identified as the student’s advisor. I attest that I have checked that all authors of the article agree to its submission to JYI. Additionally, I attest that this article is not currently under review at any other journals. I understand that data published in Journal of Young Investigators may not be accepted for subsequent publication by other journals.

I understand if the research article fails to meet any of the criteria listed here, the article will be rejected, and the student will not be permitted to submit articles to JYI in the future.
